Q3 (Cum.) FY ending Sep. 30, 2023	886	0.9	597	(0.6)	38.88	38.17
Q3 (Cum.) FY ended Sep. 30, 2022	877	-	600	-	39.37	38.76

^{*}We consider non-GAAP EBITDA to be useful information in understanding our constant operating results, as it represents financial accounting figures (GAAP) less or adjusted for non-recurring items and certain other adjustments based on certain rules. Specifically, GAAP excludes or adjusts for stock-based compensation expense, depreciation and amortization, and amortization of goodwill, as well as other one-time gains and losses that we consider to be deductible.

(2) Consolidated Financial Position

1. Qualitative Information Regarding the Quarterly Accounts

(1) Overview of Operating Results

Forward-looking statements in the text are based on judgments made as of the date of submission of this document.

During the Third quarter consolidated cumulative period, the Japanese economy showed signs of recovery due to the loosening of immigration restrictions and behavioral restrictions against new coronavirus infections. However, the outlook for the domestic and overseas economies remains uncertain due to rising prices caused by the unstable global situation and monetary policies of various countries.

As for the business environment surrounding our group, companies continue to face difficulties in hiring due to the structural shortage of labor in Japan. Under these circumstances, the government has implemented measures to promote the use of side job workers and dual job workers in companies in order to facilitate labor mobility, and a new law was passed on April 28, 2023 to recognize and protect freelancers as "independent willing entities" just like a corporation. The government has been implementing new measures in response to the change in values regarding the way companies and individuals work since the Corona Disaster, and it is expected to see an even wider spread of work styles unrestricted by employment status as companies increase their use of outside freelancers and the number of crowd workers who take on new side jobs or dual jobs increases.

This trend has been a tailwind for the Group, with the number of registered users reaching 5,757,000 (up 670,000 year-on-year) and the number of registered clients reaching 917,000 (up 96,000 year-on-year) as of June 31, 2023.

In this business environment, the Group has set a new growth strategy, "YOSHIDA 300," which aims to achieve net sales of 30 billion yen, EBITDA (non-GAAP) of 2.5 billion yen, and operating income margin of +10% per year or more, in addition to its medium- to long-term goal of a gross profit CAGR of 20% or more for 10 years. To achieve this, we are working to increase sales growth and profits in our existing businesses by increasing the number of companies and unit price in our mainstay matching business, and to grow our SaaS business; to make disciplined investments in M&A in businesses that have a high affinity with our business; to develop human resources by providing training for the next generation of management personnel; and to increase corporate value through human capital management.

As a result of the above, our consolidated business results for the third quarter of the fiscal year ending were as follows: net sales of 9,690,849 thousand yen (year-on-year increase of 24.6%), gross profit of 4,531,616 thousand yen (year-on-year increase of 29.0%), operating profit of 820,808 thousand yen (year-on-year decrease of 7.0%), EBITDA (Non-GAAP) of 1,010,681 thousand yen (year-on-year increase of 5.5%), Ordinary profit of 886,000 thousand yen (year-on-year increase of 0.9%), and net profit attributable to owners of the parent amounted to 597,143 thousand yen (year-on-year decrease of 0.6%).

Financial results by segment are as follows:

(1) Matching Business

In the Matching Business during the third of the consolidated fiscal year, growth was driven by the administrative/assistant area due to continued strong demand for assistant personnel contributed. In addition, the Group worked on onboarding of human resources hired in the first half of the year and productivity improvement.

As a result, GMV (gross merchandise value), which indicates the total transaction amount, was 16,933,168 thousand yen (year-on-year increase of 19.8%), net sales were 9,362,389 thousand yen (year-on-year increase of 22.9%), gross profit was 4,205,968 thousand yen (year-on-year increase of 25.3%), and segment profit was 978,204 thousand yen (year-on-year decrease of 5.2%).

(ii) SaaS Business

In the SaaS business for business during the third quarter of the consolidated fiscal year, the current momentum of human capital management has increased the need for man-hour management and visualization of productivity in organizations and projects, which has led to the introduction of the man-hour management tool "CrowdLog" mainly by large and growing companies. By continuing to add features and make improvements, we continue to improve unit prices, especially for major clients.

As a result, net sales and gross profit amounted to 295,155 thousand yen (year-on-year increase of 89.1%), and segment loss amounted to 187,783 thousand yen (segment loss of 142,616 thousand yen in the same period of the previous fiscal year).

(2) Overview of Financial Position

(Assets)

Total assets at the end of the third quarter of this consolidated fiscal year were 9,679,654 thousand yen, an increase of 2,041,157 thousand yen from the end of the previous period.

Current assets increased 689,081 thousand yen from the end of the previous period, mainly due to increases of 337,711 thousand yen in cash and deposits, 233,206 thousand yen in accounts receivable-trade and 85,142 thousand yen in accounts receivable-other. Noncurrent assets increased 1,352,076 thousand yen from the end of the previous period, mainly due to an increase of 1,182,988 thousand yen in goodwill.

(Liabilities)

Total liabilities at the end of the third quarter of the current fiscal year amounted to 4,182,703 thousand yen, an increase of 1,210,447 thousand yen from the end of the previous period.

Current liabilities increased 1,039,736 thousand yen from the end of the previous period, mainly due to increases of 629,016 thousand yen in short-term loans payable, 84,452 thousand yen in accounts payable-other, 90,271 thousand yen in income taxes payable, and 133,760 thousand yen in contract liabilities. Noncurrent liabilities increased 170,711 thousand yen from the end of the previous period, mainly due to a 150,211 thousand yen increase in long-term loans payable.

(Net assets)

Net assets at the end of the first quarter of the current fiscal year totaled 5,496,950 thousand yen, an increase of 830,710 thousand yen from the end of the previous period.

The increase in net assets was mainly due to net income attributable to owners of the parent of 597,143 thousand yen and an increase in stock acquisition rights of 113,709 thousand yen.

(3) Overview of Forecast of Operating Results Including Consolidated Financial Results

There is no change to the consolidated financial forecast for the fiscal year ending September 30, 2023, which was announced on November 14, 2022.

(3) Notes to Quarterly Consolidated Financial Statements

(Notes Regarding Going Concern Assumptions)

Not applicable.

(Notes on Significant Changes in the Amount of Shareholders' Equity)

Not applicable.

(Application of Accounting Procedures Specific to Preparing Quarterly Consolidated Financial Statements)

(Calculation of tax expenses)

Tax expenses are calculated by reasonably estimating the effective tax rate after tax effect accounting is applied to the pretax profit for the consolidated fiscal year, including the third quarter of the current consolidated fiscal year, and by multiplying this effective tax rate and the pre-tax profit.

(Change in accounting policy)

The "Guidance on Accounting Standard for Measurement of Fair Value" (ASBJ Guidance No. 31, June 17, 2021; hereinafter referred to as "Guidance on Accounting Standard for Measurement of Fair Value") The "Guidance on Accounting Standard for Measurement of Fair Value" (ASBJ Guidance No. 31, June 17, 2021; hereinafter referred to as "Guidance on Accounting Standard for Measurement of Fair Value") The new accounting policy prescribed by the "Guidance on Accounting Standard for Measurement of Fair Value" (ASBJ Guidance No. 31, June 17, 2021) is applied from the beginning of the current consolidated first quarter, and the new accounting policy prescribed by the "Guidance on Accounting Standard for Measurement of Fair Value" is applied prospectively in accordance with the transitional treatment prescribed in paragraph 27-2 of the Guidance on Accounting Standard for Measurement of Fair Value. The application of this accounting standard application guidance has no impact on the quarterly consolidated financial statements.

(Business combinations related matters)

(Business combination through acquisition)

On April 5, 2023, In the Matching Business segment, the Company acquired shares of Shuuumatu Worker Co., Ltd. from existing shareholders and underwrote a third-party allocation of new shares, making the company a consolidated subsidiary.

(1) Outline of Business Combination and Related Matters

1. Name of acquired company and its business

Name of acquired company: Shuuumatsu Worker Co., Ltd.

Business description: Operation of a side business matching platform

2. Main reasons for the business combination

With the mission of "becoming an infrastructure for individuals", we have been striving to expand our human resource matching platform that connects companies and individuals online in order to provide society with new work options. Currently, we have more than 917,000 client companies and 5.75 million registered workers on our platform, and we have established ourselves as a leading company in the human resource matching market. In recent years, as the values of companies and individuals regarding working styles diversify, the side job market has become more active, with an increasing number of companies utilizing outside professional human resources (side job workers and freelancers) and an increasing number of workers taking on side jobs.

In particular, CrowdLinks, a new service specializing in high-skilled side job workers, has experienced rapid growth, with more than 100,000 high-skilled side job workers working for major companies registered with the company. Since its establishment in 2016, Shuuumatu Worker Co., Ltd.has been creating a new lifestyle in Japan by operating a platform that matches talented side hustlers with companies to stabilize and popularize new ways of working with the mission of "freeing working style and expanding life possibilities."

As we acquire Shuuumatu Worker Co., Ltd. we will be able to provide a wider range of human resources to our clients in the side hustle area, which is our focus, and also provide more work opportunities to workers, thereby fulfilling our vision of "becoming the company that delivers the most rewards to the most people in the world", also to the expansion of profit-earning opportunities.

Based on the above, we have decided to make Shuuumatu Worker Co., Ltd.a subsidiary because we believe that welcoming it as a group company will lead to the strengthening of our business foundation and the enhancement of business value in the sidelines over the medium to long term.

We will invest our management improvement know-how accumulated over the past three years to quickly shift from a "loss-making management style with investment in advance" to a "profitable reinvestment management style through productivity improvement.
