Average number of shares during the period (cumulative from the beginning of the fiscal year)

Three months ended June 30, 2023	57,227,979 shares	Three months ended June 30, 2022	59,246,111 shares
----------------------------------	-------------------	----------------------------------	-------------------

※This quarterly financial results report is not subject to the quarterly review procedures by certified public accountants or an audit corporation.

※Explanation of appropriate use of earnings forecasts and other items warranting special mention

Forward-looking statements in this document, including the earnings forecasts, are based on the information currently available to the Bank and on certain assumptions deemed to be reasonable by the Bank. These statements do not purport that the Bank pledges to achieve such results. Actual results, etc. may differ materially from the forecasts depending on various factors. Some important factors that may have an effect on business performance pertain to domestic and international economic conditions and stock market fluctuations, but factors influencing business performance are not limited to those.
