**Notice Concerning Reacquisition of CASBEE Real Estate Certification**

Frontier Real Estate Investment Corporation (the “Investment Corporation”) hereby announces that one of its properties, GINZA GLASSE, received a CASBEE Real Estate Certification from the CASBEE certification board, which is recognized by Institute for Built Environment and Carbon Neutral for SDGs.

1. Overview of the CASBEE Real Estate Certification

The Comprehensive Assessment System for Built Environment Efficiency (“CASBEE”) is a system for comprehensively assessing and ranking the environmental performance of buildings with regard to aspects such as the enhancement of environmental quality and performance including indoor comfort and consideration for the landscape, on top of the aspect of environmental consideration such as energy saving and the use of materials and equipment with a lower environmental burden.

CASBEE Real Estate Certification was developed with the aim of making use of the results of the environmental performance of buildings based on the evaluation items in the following categories: energy/green-house gases (“GHG”), water, materials, biodiversity/sustainable site, and indoor environment. Buildings that have undergone assessment are rated on a four-level rating system consisting of rank S, rank A, rank B+ and rank B.

As for the details of CASBEE Real Estate Certification, please refer to the website below.

CASBEE Website: <https://www.ibec.or.jp/CASBEE/english/index.htm>
