## 1. Establishment of the most powerful B-to-B EC website

The two EC websites, ASKUL for small and medium-size businesses and SOLOEL ARENA for midlevel and large corporations, are integrated into one. Aim to become the most powerful B-to-B EC website by not only combining the features of the two sites but also deploying the function to respond to the need from teleworking. In this way, increase the frequency of customers' purchasing and the purchase amount per customer and enhance the customer retention rate by consolidating purchases.
2. Strategic industries and expansion of product assortments

Expand product lineups centered on specialized products for customers in the two major industries of medical and nursing care, and manufacturing. The plan to double the number of items handled ( 18 million), quadruple in-stock products $(330,000$ ) and increase original products by 1.4 times ( 12,000 ), compared with those in May 2021. The two measures of the launch of the new ASKUL website and expansion of product assortments will drive double-digit B-to-B growth for FY5/2025

## 3. Synergies with Z Holdings Group

The Group will further concentrate its resources on its strengths of products, logistics and CRM by fully utilizing the infrastructure of $Z$ Holdings in terms of attracting customers, site platform and payment systems. Strengthen cooperation with the $Z$ Holdings Group to achieve regrowth after turning profitable. "Yahoo! mart by ASKUL," a joint fast delivery business with the Z Holdings Group, was launched in January 2022.

## 4. Reform of the platform

The plan to evolve the high-speed logistics, which is ASKUL's strength, then realize "Delivering Tomorrow" for long-tail products through measures, such as structural reform of distribution centers, integration of B-to-B and B-to-C logistics, and application of DX to value chains. "ASKUL Tokyo DC," the most advanced core center in eastern Japan, which will play an important role in realizing this plan, has begun operating in November 2022.
