[Reasons for Non-compliance with the Principles of Corporate Governance Code]

The Company complies with all principles of the Corporate Governance Code revised in June 2021 (including the principles applied to Prime listed companies).

[Disclosure Based on the Principles of the Corporate Governance Code] **UPDATED**

[Principle 1.4] (Strategic Shareholdings)

Regarding basic policy on strategic shareholdings and exercising of voting rights, we have established in Article 7 of the "Corporate Governance Policy". It is available on our website at (<https://www.mebuki-fg.co.jp/eng/company/governance/>)

○Status of efforts for reducing the number and balance of strategic shareholdings

The subsidiary banks that hold strategic shareholdings make efforts to reduce the number and balance of strategic shareholdings, taking into consideration the risk reduction and capital

efficiency based on its economic rationale. And through sufficient dialogue with the issuing companies, we will reduce those holdings.

In the fiscal year ended March 31, 2023, strategic shareholdings decreased by 41 billion yen. In addition, strategic shareholdings(*) as a percentage of consolidated net assets decreased from 20.0% at the end of March 2022 to 16.6%. Our reduction targets for the next five years (until the end of March 2028) are as follows, and we will continue to reduce them while maintaining sufficient dialogue with our business partners.

	End of FY2019 (result)	End of FY2020 (result)	End of FY2021 (result)	End of FY2022 (result)	Year on year change	End of FY2027 (target)	Compared to end of FY2022
Balance (including deemed shares held, billion of yen)	204.0	229.1	191.9	150.9	-41.0	120.9	-30.0
Percentage of consolidated net assets (%)	23.1%	22.9%	20.0%	16.6%	-3.4pt	-	-

(*)Figures are fair value of strategic shareholdings (including listed and non-listed stocks) held by Joyo Bank, which holds more than two-thirds of stock owned by Mebuki FG and its subsidiaries (including deemed shares held).

○Assessing the rationality of strategic shareholdings

- The Company examines each strategic shareholding (of listed companies) held by the subsidiary banks annually for their significance and economic rationale, and the results of examination as of March 31, 2023, is as follows:

- We hold shares aimed for sustainable growth and medium to long term enhancement of corporate value of the Group and customers or building stable business relationships with those customers, upon the examination of the medium to long term economic rationale and future outlook of shareholdings taking into consideration the associated risks and returns.

- We examine each shareholding for economic rationale from the viewpoint of profitability, creditworthiness, regional characteristics (relevancy to our core business area), and improvement of business relationship, etc. Concerning profitability, we examine their overall business RORA(*2) based on our ROE target.

(*) overall business RORA = (Net interest margin on loans and deposits - Expenses (including credit cost) + Fees and Commissions + Dividends) ÷ Risk-weighted Assets (Loans and Stocks)

- As of March 31, 2023, the Board of Directors confirmed every strategic shareholding to be meaningful pursuant to the basic policy to secure sustainable growth, increase corporate value over the medium to long term of the Group and issuing companies, and build stable business relationships with those companies. Regarding profitability, their overall combined business RORA exceeds the target value.

[Principle 1.7] (Related Party Transactions)

When the Company engages in transactions with its directors or principal shareholders, in order to ensure that such transactions do not harm the interests of the Company or the common interests of our shareholders and prevent any concerns with respect to such harm, we have established the following procedures:

- When directors engage in transactions in the same line of business of the Company or transactions involving conflict of interest, the relevant transactions shall be approved by the Board of Directors.
- When the Company shall conduct transactions under unordinary terms and conditions with our

subsidiaries or principal shareholders (who hold 10% or more of shareholder voting rights of the Company directly or indirectly), the relevant transactions shall be approved by the Board of Directors.

By creating an environment that diverse human resources can work actively regardless of age and gender, we will strengthen our organizational power, improve our corporate value and realize sustainable management, allowing us to contribute to the regional growth and development.

Under the above policy, we will continue to aim for further improvement.

(3) Approach to Human Resources Development, Internal Environment Development and Implementation Status to Ensure Diversity

We are promoting to develop human resources so that they can aim to build their career fairly, regardless of age, gender, etc., and create an environment where employees can work for a long

time. Therefore, we have pursued various measures such as initiatives based on the Act on Promotion of Women's Participation and Advancement in the Workplace and "Work-style Reform". We have established the "Diversity Promotion Office" as an organization to supervise the initiatives for promoting diversity in each personnel division of the two subsidiary banks and we will strengthen and accelerate our initiatives to practice diversity and improve the environment, based on the Group Diversity Policy.

Furthermore, we are developing a system to properly compensate active employees regardless of age, gender, etc.

(b) Human Resources Development for Promoting Female Employees to Higher Positions
