## **dip donates to specified non-profit corporation, Peace Winds Japan, following the 2024 Noto Peninsula Earthquake**

---

We would like to express our deepest condolences to those who lost their lives in the 2024 Noto Peninsula Earthquake that occurred on January 1, 2024, and our heartfelt sympathy to all those affected by the disaster.

dip Corporation (hereinafter referred to as “dip”) has decided to donate 10 million yen in total to Peace Winds Japan (hereinafter referred to as “Peace Winds”), a specified non-profit corporation providing assistance to areas affected by major disasters.

Based on its corporate philosophy of “Here at dip, we want to tap into dreams, ideas and passion to create a better society”, dip launched the “dip-NPO Collaboration Program” in October 2023 to work with NPOs to solve labor market problems and is considering collaborating with Peace Winds.

As we sincerely hope for the earliest possible recovery of the areas affected by the 2024 Noto Peninsula Earthquake, we will proceed with the donations ahead of the decision to collaborate with Peace Winds, and together with Peace Winds, we will play a role in supporting the affected areas by assisting medical personnel in times of large-scale disasters.

### ■ About Peace Winds Japan

Peace Winds Japan is a Japan-based non-governmental organization (NGO) for international cooperation dedicated to supporting people in distress due to humanitarian and livelihood crises caused by natural disasters or man-made factors such as conflict and poverty, both in Japan and abroad. Founded in 1996 by Kensuke Onishi, it has worked in 38 countries and regions around the world. It has also been working as a social innovation platform committed to solving social issues on the front lines, including the operation of emergency disaster relief project Airborne Rescue & Relief Operations with Search “ARROWS”, community revitalization, and Peace Wanko Japan, an animal protection and transfer program aimed at eliminating the killing of Japanese dogs.
