Daido Metal Co., Ltd. Awarded 'Supplier Excellence Award' by CSSC Power (Group) Co., Ltd.

Daido Metal Co., Ltd. was presented with a supplier excellence award at the 2023 Supplier Meeting held in December 2023 by CSSC Power (Group) Co., Ltd. ((Note 1) hereafter 'CPGC' head office: Shanghai, China).

The supplier excellence award was presented to suppliers who provided excellent products and services to CPGC, which together with our support system for quality control was judged highly and resulted in our award on this occasion.

Just 40 companies out of more than 1000 suppliers of parts for low and medium speed engines received awards, and it was the first time that Daido Metal was honored with an award as a bearings manufacturer for low speed engines.

Furthermore, at the same time we were selected as a ship and engine licenser and main cooperation partner, and for the first time are displayed on the digital showroom of CPGC's website as an overseas parts manufacturer (photo on the right).

We are encouraged by this award and without our motto "Quality is Life" intend to further improve our supply of high-quality products and service capability.

(Note 1) CPGC is a subsidiary of China's largest state-owned shipbuilder China State Shipbuilding Corporation (CSSC),

which provides R&D, production and servicing for marine power equipment. It has offices in 120 countries around the world with its core business being the supply of auxiliary parts and servicing of low, medium and high speed marine engines, engine spare parts, power, and air pollution control systems. It provides technical solutions and a consulting service throughout the life cycle of all related products.
