2. BELS Overview

BELS is a public evaluation system that assesses the energy efficiency of nonresidential buildings. A third-party organization evaluates the energy efficiency of both new and existing buildings using a Building Energy Index based on Japan's national building energy efficiency standard. BELS ranks energy efficiency from five stars to one star.

3. Outlook

In line with Ichigo joining RE100, Ichigo Hotel has completed transitioning all of its 30 hotels to renewable energy.

Ichigo Hotel will continue to work to promote the environmental and energy efficiency and reduce the environmental impact of its hotels.
