Notice Concerning Revision of Year-End Dividend Forecast for the Fiscal Year Ending March 2024

SUZUKI MOTOR CORPORATION (the "Company") hereby announces that at a meeting of its Board of Directors held on February 7, 2024, the Company decided to revise its dividend per share forecast as follows.

1. Reason for revision of dividend forecast

The Company recognizes the return of profits to shareholders as one of its management issues under the basic policy of continuous and stable dividends.

The previous year-end dividend forecast was TBD, however, taking into account the business results through the third quarter, the Company has set the year-end dividend forecast to 55 yen per share, an increase of 5 yen from the previous year-end dividend. As a result, the annual dividend is expected to increase by 10 yen to 110 yen per share from the previous fiscal year.

This matter is subject to a resolution at the 158 Annual General Meeting of Shareholders to be held in late June 2024.
