“WealthNavi,” the top Japanese robo-advisor (*1) in terms of assets under management and number of users, announces that assets under management reached 1.05 trillion yen

WealthNavi Inc. (Head office: Shibuya-ku, Tokyo; Representative Director and CEO: Kazuhisa Shibayama; hereinafter, “the Company”), the provider of “WealthNavi,” the top Japanese robo-advisor (*1) in terms of assets under management and number of users, announces that assets under management reached 1.05 trillion yen as of February 8, 2024, approximately 7 years and 6 months since the official release in July 2016.

The graphic features a blue background with a yellow banner at the top right that reads "預かり資産" (Assets Under Management). In the center, large yellow text says "1兆500億円" (1.05 trillion yen) with "突破" (Breakthrough) written below it in white. To the left, an illustration shows three people climbing a staircase, with one person holding a white flag with a blue 'W' on a pole. A circular badge on the left contains the text "ロボアドバイザー No.1" (Robo-Advisor No.1) and "預かり資産 運用者数" (Assets Under Management Number of Users). At the bottom left, there is a small disclaimer in Japanese. The "WealthNavi" logo is positioned at the bottom right of the graphic.

“WealthNavi” automates all the wealth management processes to realize long-term investment with a globally diversified portfolio, using a financial algorithm based on the modern portfolio theory. Its functionality, transparency, and simple fees are highly evaluated, and the number of working family customers is increasing. We are also acquiring new customers through our alliance partners with strong customer bases.

We are characterized as a “technology-driven financial institution” with engineers and designers accounting for about half of the employees, and we strive to create services that are easy for anyone to use with fulfilling its fiduciary duties.

We will continue to promote long-term investment with a globally diversified portfolio and to support working families to build wealth by offering “WealthNavi,” the top Japanese robo-advisor (*1) in terms of assets under management and the number of users.

*1 Wealth Advisor’s research on specialist online operators (as of December 2023) which is based on the Japan Investment Advisers Association, “Contact Asset Status” - sections “Wrap Accounts” and “Discretionary Accounts” (as of September 2023).

■Main features of robo-advisor “WealthNavi”

1. Automates long-term and diversified wealth management

High-net-worth individuals and institutional investors around the world have been practicing “long-term, dollar-cost averaging and globally diversified” investment. “WealthNavi” automates the entire investment process above by utilizing cutting-edge technology. “WealthNavi” allows customers to make long-term and diversified investments in 12,000 securities in about 50 countries through selected ETFs (Exchange-Traded Funds) based on the modern portfolio theory. All processes of

Note: This document is a translation of a part of the original Japanese version and provided for reference purposes only. In the event of any discrepancy between the Japanese original and this English translation, the Japanese original shall prevail.

wealth management, from asset allocation, trading of securities, automated deposits to rebalancing, are proceeded automatically.

The wealth management algorithm is published in a white paper and is available to anyone on the website of “WealthNavi.”

2. “WealthNavi” for busy working families

We are serving working families, and “WealthNavi” users are mainly in their 20s to 50s. With risk tolerance assessment through answering five questions from a PC or smartphone, “WealthNavi” recommends an optimal wealth management plan for each customer and enables customers to check their assets at any time. Even busy working families can easily manage their assets for their comfortable retirement in their spare time.

3. Supports comfortable wealth management with various functions

A variety of functions such as “Robo-NISA” that leverages the NISA’s tax exemption merits while enabling the wealth management of long-term investment with a globally diversified portfolio, “Life planning tool” that supports the achievement of asset management goals, “Fractional ETF trading” that realizes an optimal portfolio even with a small amount of investment, and “AI wealth management advice” make it possible for customers to manage their assets comfortably. The Company has obtained patents for “Automated deposits with rebalancing” and “Automatic tax optimization (DeTAX) function (*)” for their core technologies.

* There are conditions for applying automatic tax optimization (DeTAX), and the Company does not guarantee that the tax burden will be deferred.

4. Lower fee for New NISA accounts

The fee is 1% (1.1% including consumption tax) of the assets under management (*). If a user makes investments only through automated deposits in the NISA accounts, the weighted average annual management fee is between 0.63-0.67% (0.693-0.737% including tax) depending on risk tolerance level.

* Excluding cash portion, annual rate. A 0.5% discount fee (excluding cash portion, annual rate, 0.55% including consumption tax) is applied to the portion of assets under management exceeding 30 million yen.
