Notice Concerning DTS's Achievement of "A" in MSCI ESG Rating

DTS CORPORATION ("DTS") hereby announces that it has received a rating of "A" in the MSCI ESG Rating issued by the US-based Morgan Stanley Capital International (MSCI).

MSCI ESG Rating examines and analyzes the environmental, social, and governance-related business practices of over 8,500 companies worldwide and rates them on a seven-level scale from the top-ranking AAA down to CCC. It is recognized as a global rating standard for ESG investment.

In the recent rating, DTS achieved an increase of one gradation from last year's "BBB" to earn an "A" for the first time since its rating began, owing to high valuation on its ESG initiatives related to corporate governance.

DTS will further strengthen its sustainability and ESG initiatives, proactively share information, and work towards achieving both a sustainable society through its corporate activities as well as a medium- to long-term growth in its corporate value.
