

The Corporate Governance of Mitsubishi UFJ Financial Group is described below.

[Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information](#)

1. Basic Views

Mitsubishi UFJ Financial Group, Inc. (MUFG) is a holding company that encompasses several subsidiaries including MUFG Bank, Ltd., Mitsubishi UFJ Trust and Banking Corporation, and Mitsubishi UFJ Securities Holdings Co., Ltd. MUFG's management has determined that designing and executing a corporate governance framework is one of the most important issues in achieving its medium- to long-term goal of being "the world's most trusted financial group," as outlined in "MUFG Way" below.

Since its establishment, MUFG has worked to build a stable and effective corporate governance structure, putting emphasis on ensuring external oversight. As the company with three committees, MUFG aims to strengthen the board of directors' oversight functions through the separation of execution and oversight at the holding company level, to construct an effective and efficient governance framework, that is more comprehensible for overseas stakeholders, as befits a G-SIBs (Global Systemically Important Banks).

With the pledge to contribute to society, customers, employees, and to help all our stakeholders take the next step forward, MUFG established the "MUFG Way" and defines its purpose as "Committed to empowering a brighter future." along with its shared values and medium- to long-term goals. Under the "MUFG Way", MUFG will actively contribute to the realization of a sustainable society and will aim for sustainable growth and increase of corporate value over the medium- to long-term. MUFG will aim to realize effective corporate governance through fair and highly transparent management based on the guidance provided by these Policies.

MUFG Way

<Purpose> Empowering a brighter future.

<Values> 1.Integrity and Responsibility 2.Professionalism and Teamwork 3. Challenge and Agility

<Vision> Be the world's most trusted financial group

Code of Conduct

The Code of Conduct encapsulates the standards that guide employees' conduct and decision-making in our day-to-day business activities under "MUFG Way". It is designed to provide guidance in times of doubt, or when we find it difficult to know if we are making the right choice. The Code of Conduct is organized into three chapters.

Chapter 1 Customer Focus

Our customers are at the center of everything we do, and should always be the focus of our thoughts. Our aim should be to win the trust and confidence of our customers at all times. MUFG exists today because of the trust and confidence that customers have placed in us over many years. Our role is to increase and strengthen this bedrock of trust and confidence. Our activities are not driven by the prospect of short-term gains. Instead, we look to build ongoing relationships with our customers to support their long-term growth.

Chapter 2 Responsibility as a Corporate Citizen

As we develop our business globally, we comply with all the domestic and international laws and rules that may apply. We do all we can to maintain stability and confidence in the global financial system, and contribute to the sound and healthy growth of society. Aware of the responsibility and accountability each of us has as a member of MUFG, we carry out fair and transparent corporate activities with honesty and integrity, in a manner that supports and strengthens the trust and confidence MUFG has earned from society over many years.

Chapter 3 Attitudes and Behaviors in the Workplace

We strive to respond and adapt promptly to the diversifying and evolving needs of our customers and the rapidly changing environment in which we work. The working environment at MUFG fosters mutual respect, enables individuals to make the most of their abilities as professionals, and maximizes the power of teamwork across regions and different areas of business, encouraging all staff members to embrace new challenges. We work always to protect and maintain the tangible and intangible assets and property that MUFG has accumulated.

In light of the growing awareness of environmental and social issues, we have identified 10 prioritized issues such as response to climate change & environmental protection, response to aging population & low birthrate, Inclusion and Diversity, and are promoting sustainability management. With regard to climate change, we will strengthen our efforts as stated in the MUFG Carbon Neutrality Declaration. (https://www.mufg.jp/dam/pressrelease/2021/pdf/news-20210517-003_en.pdf)

[Reasons for Non-compliance with the Principles of the Corporate Governance Code]

The contents are based on the Corporate Governance Code revised in June 2021. MUFG has determined that the design and operation of a corporate governance framework based on the concepts outlined above is one of its most important issues. MUFG implements all of these individual principles in compliance with MUFG Corporate Governance Policies.

[Disclosure Based on the Principles of the Corporate Governance Code]

[Principle 1.4]

1. Strategic shareholdings policy

The circumstances surrounding strategic shareholdings⁽¹⁾ have changed greatly in recent years due to, among other things, the tightening of international financial regulations and the introduction of the Corporate Governance Code in Japan.

Based on these changes, MUFG has adopted a basic policy that its Group banks⁽²⁾, taking into account shareholding risk, capital efficiency and international financial regulations, shall reduce the amount of shares held for the purpose of strategic investment⁽³⁾, following sufficient consultation with the relevant corporate business clients.

Shares held for the purpose of strategic investment will be examined for their significance and economic rationale from the perspectives of our corporate business clients' growth and earnings and the strengthening of business relations. We shall proceed with selling those shareholdings for which there is insufficient rationale, after securing an understanding of the relevant corporate business clients. Even where there is sufficient rationale, we may sell those shareholdings in accordance with our basic policy of reducing strategic shareholdings, taking into account, among other things, the market environment and our business and financial strategy.

In fiscal year 2022, MUFG sold approximately 154 billion yen of its strategic shareholdings (simple combined revenue of Group banks, acquisition cost basis). MUFG aims to sell 500 billion yen of its strategic shareholdings over three years from fiscal year 2021 to 2023.

Note:

⁽¹⁾ "Strategic shareholdings" refers to shares excluding trading investments (shares of subsidiaries and affiliates are not included). These are classified into three categories: 1. strategic investments, 2. business strategy and 3. revitalization support, with most falling under 1.

⁽²⁾ "Group banks" refers to MUFG Bank, Ltd. and Mitsubishi UFJ Trust and Banking Corporation, consolidated subsidiaries of MUFG.

⁽³⁾ "Shares held for the purpose of strategic investment" refers to shares held for the purpose of increasing the medium- to long-term economic profits of MUFG and Group banks through maintaining and expanding comprehensive business relations with our corporate business clients.

2. Examination of significance and economic rationale of shareholdings

At each Group bank, all shares held for the purpose of strategic investment are being confirmed for their significance and economic rationale (risk-return) over the medium- to long-term from the perspectives of our corporate business clients' growth and earnings and the strengthening of business relations. Based on Principle 1-4 of the Corporate Governance Code, individual strategic shareholdings⁽⁴⁾ are examined by MUFG's Board of Directors.

Economic rationale is examined based on overall business RORA⁽⁵⁾ target value, which is set based on MUFG's capital costs.

The results of the March 31, 2023 validations are as follows.

- We confirmed the validity of the significance of these shareholdings as most of the validation targets were held with the aim of enhancing the medium- to long-term economic interests of MUFG and Group banks.
- Regarding economic rationality, the overall business RORA of all of the verification targets as a whole exceeded 2.1 times larger than the target value. 87% of the business partners exceeded the target value on company number basis, the sum total of the said shares MUFG held accounts for 93% on book value basis and 89% on market value basis.⁽⁶⁾ We aim to improve profitability from business with the business partners which do not meet the target value and, if the profitability is not improved within a certain time of period, may consider selling their shares.

Note:

⁽⁴⁾ The aggregate market value held as of March 31, 2023 was approx. 4.2 trillion yen (book value: approx. 1.6 trillion yen).

⁽⁵⁾ Overall business RORA (Return on Risk-Weighted Assets) is calculated by dividing Profit (Income from banking transactions and trust banking transactions with a concerned business partner group as well as stock dividends from the said group - Expected loss - Expenses etc.) by risk assets (total value of credits and shares) which are based on the internal rating based approach in comply with the capital adequacy requirements. In addition, risk asset shares are calculated based on market values.

⁽⁶⁾ The profitability is determined by whether overall business RORA of a concerned business partner group exceeded a target value or not.

3. Standards with respect to the exercise of voting rights

In order to ensure the appropriate exercise of voting rights of shares held for the purpose of strategic investment, MUFG and Group banks will make comprehensive decisions on every proposal for the agenda of a shareholders meeting after confirming the following two points:

(1) Will it increase the medium- to long-term corporate value and lead to continuous growth including ESG⁽⁷⁾ elements of the relevant corporate business client?

(2) Will it increase the medium- to long-term economic profits of MUFG and Group banks?

Significant agenda of a shareholders meeting that could have material impact on medium- to long-term improvement of corporate value of the relevant corporate business client and economic benefit for MUFG and Group banks will be determined through communication with the relevant corporate business client, etc. as necessary. Following agendas are considered significant by MUFG and Group banks:

- Agenda on disposal of surplus (when disposal significantly lacks balance with financial soundness and retained earnings)
- Agenda on election of directors or corporate auditors (when the relevant corporate business client has caused a disgraceful affair, posted a loss for a certain consecutive period, Return on Equity is sluggish, not had multiple independent officers, or in the case that the diversity is not fully considered at the Board of Directors, etc)

- Agenda on election of outside directors or outside corporate auditors (when a concerned outside director or outside corporate auditor does not satisfy a required attendance rate or the independence standards, etc)
- Agenda on retirement benefits for corporate auditors, etc
- Agenda on organizational restructure
- Agenda on takeover defense, etc.

The status of the exercise of voting rights of the most important strategic shareholdings⁽⁸⁾ will be reported to MUFG's Board of Directors.

Note:

⁽⁷⁾ Environment (E), Society (S), and Governance (G)

⁽⁸⁾ Regarding the most important strategic shareholdings, the aggregate market value held as of March 31, 2023 was approx. 3.0 trillion yen (book value: 1.1 trillion yen), covering approx. 70 percent of the total market value of the (listed) equities held by Group banks for the purpose of strategic investment.

[Principle 1.7]

Related party transactions

MUFG has established "MUFG Guidelines for Related Party Transactions" to ensure that transactions between MUFG and its related parties, such as directors and corporate executives (related party transactions), do not harm the interests of MUFG. The Guidelines provide, among other things, that transactions with related parties, such as directors and corporate executives, require the approval of the board of directors, and that when the board of directors deliberates granting such approval, the relevant director or corporate executive shall not participate in that deliberation.

The "MUFG Guidelines for Related Party Transactions" can be viewed here:
(<https://www.mufig.jp/english/profile/governance/report/index.html#jump01>)

[Supplementary Principle 2.4.1]

■ Approach to Ensure Diversity

MUFG has positioned Diversity, Equity, and Inclusion (DEI) as one of its key management imperatives. We are committed to creating an organizational and workplace environment where each employee, regardless of gender, disability, nationality, race, age, or sexual orientation, can have fair and equitable growth opportunities, succeed and be their authentic best. We strive to create a culture where each employee recognizes and appreciates each other's differences and strengths, creating new value and driving innovation. We are fully committed to DEI, with the aim of empowering all stakeholders to move towards an inclusive and sustainable future. As the needs of society and customers change rapidly, it is increasingly important to engage in innovation that creates new services and customer experiences. Diversity is essential for generating innovation. We value individual employees with various personalities, abilities, and knowledge, encourage them to continuously learn grow, and leverage their diversity to create ideas and innovative actions that transcend conventional boundaries. In addition, we will create a foundation where personnel with diverse individuality, abilities, and experience, regardless of gender, nationality, etc. can thrive through the evaluation and reward based on the demonstrated abilities, which will lead to initiatives that contribute to our sustainable growth.

■ Status of Voluntary and Measurable Goals for Ensuring Diversity

(1)Female employees

With the commitment of our top management, our group aims to reflect diverse perspectives and values in areas closer to management by setting a target for the ratio of women in senior managerial positions. We aim to achieve a 30% ratio of female management senior managerial positions in Japan by 2030, and are fully committed to diversity, equity, and inclusion(DEI), which includes providing equitable development and promotion opportunities for female employees, at each group company. As of October 2023, the ratio of women in line management or higher positions in Japan is at 20.1%, and expect to achieve 22% as of March 2024. As of October 2023, a total of 18 women, including two foreign nationals, are serving as directors or executive officers at MUFG, MUFG Bank, Mitsubishi UFJ Trust and Banking Corporation, Mitsubishi UFJ Morgan Stanley Securities or NICOS. For women in senior management positions such as branch managers and deputy general managers, we provide special training programs for selected employees while maintaining a mentoring program. In this way, we help raise women's awareness of the possibility of becoming officers and encourage the acquisition of sophisticated management skills.

(2)Overseas employees

Today, the MUFG Group has expanded into more than 50 countries around the globe, and approximately 57% of its entire workforce is accounted for by overseas employees (as of March 31, 2023). As we aim to secure and nurture professionals in a variety of fields at home and abroad, we are employing a globally unified human resources platform supporting robust processes for title management, employee evaluation, wage determination and other human resources practices that are consistent with market standards. Also, we began implementing job-level based training programs on a global basis to ensure all Group members understand the MUFG Way and embrace a shared culture. For example, we provide the Global Leaders Forum targeting those in managerial positions at MUFG Bank, Mitsubishi UFJ Trust and Banking Corporation, Mitsubishi UFJ Morgan Stanley Securities, Krungsri, and other Group companies to help such individuals acquire essential leadership knowledge as well as necessary perspectives and in-depth expertise on global operations. Today, a growing number of individuals hired overseas have been promoted to managerial posts. For example, 8 of these individuals, including one woman, have assumed executive officer positions at MUFG Bank (as of March 31, 2023). Currently, the percentage of foreign nationals in middle managerial positions is 25.9% (as of March 31, 2023, calculated by the number of overseas employees in the middle managerial positions divided by the total number of managers both domestically and globally *1), and we will continue to work on ensuring diversity with the aim of maintaining or improving the current level in FY2023 and beyond.

(3)Mid-career hires

In MUFG, we are actively fostering and securing 'true professionals' with advanced skills and expertise. Particularly, for the swift execution of business and management strategies, we need personnel who can immediately contribute, hence we are also actively hiring external talent. Furthermore, from FY 2019, we have initiated the 'MUFG Direct Employment System', a scheme where we employ staff with extremely high expertise in their respective fields, based on recommendations from each functions and with compensation linked to external market benchmarks. We are also establishing similar frameworks in our subsidiaries. For instance, from FY 2024, MUFG Bank starts the 'Ex System', and Mitsubishi UFJ Trust and Banking Corporation will start the 'Professional Job System'. Along with the 'Specialists Hiring System' already in place at

Mitsubishi UFJ Morgan Stanley Securities, we will utilize these systems as a framework for hiring highly specialized external personnel, and we will also expand the promotion of career hires. The ratio of career hires in management positions is 11.6% (as of the end of March 2023, the ratio of career hires among domestic management positions), and we will continue to strive to maintain or improve the current level from FY 2024 onwards, aiming to secure diversity.

■ Approach to Human Resource Development, Internal Environmental Development, and Implementation Status to Ensure Diversity

We consider diversity an essential value enabling us to maintain organizational resilience in a time of rapid change. Accordingly, MUFG has declared “DEI Statement” and is striving to develop and foster an organization and culture in which employees with diverse values, backgrounds and perceptions of work can respect and inspire each other while freely pursuing personal growth and career success.

In addition, we aim to increase employee engagement and corporate value by promoting creative and collaborative activities in which diverse opinions can be actively voiced and shared.

In addition, we try to enable employees thrive by promoting health management as a group basis in accordance with “MUFG Health Management Declaration”.

Moreover, we aim to enable employees to realize their full potential, we have promoted the revision of administrative procedures and the streamlining of meeting practices while going paperless and developing infrastructure for remote working. By doing so, we help employees allocate more time to engaging in direct communications with customers and taking on new challenges. Looking ahead, we will support employees’ free choice of flexible work styles further, including the development and expansion of "satellite offices" that utilize vacant space in domestic branches and other facilities.

Based on the assumption that remote working will gain a certain degree of popularity, we are planning to rebuild the main building of MUFG Bank and consolidate the headquarters functions of the holding company, MUFG Bank, Mitsubishi UFJ Trust and Banking Corporation and Mitsubishi UFJ Morgan Stanley Securities at this facility. This move to construct a new MUFG headquarters building is expected to enhance our group-wide, integrated management approach and serve as a place for innovation by gathering together and enabling interaction among diverse individuals.

*1 MUFG Bank and Mitsubishi UFJ Morgan Stanley Securities cover overseas branches affiliates which are substantially treated as a branch, such as MUFG Union Bank. Mitsubishi UFJ Trust and Banking Corporation only covers overseas branches.

*2 Managers are not limited to line managers (All employees who are in managerial positions are included).

[Principle 2.6]

Roles of Corporate Pension Funds as Asset Owners

• MUFG Group banks adopts fund-type corporate pension plan. In order to fulfill its roles to be expected as the asset owner, the pension fund declares adherence to the “Principles for Responsible Institutional Investors” (Japan’s Stewardship Code).

<Investment in human capital and intellectual capital>

To develop human resources that embody the “MUFG Way”, MUFG offers a variety of human resource development programs, including those in digital and global fields, as well as systems and training to promote the success of diverse human resources, and career challenge programs that support the growth and challenge of each employee.

MUFG is also working to enhance engagement with employees through initiatives such as townhall meetings by top management members and promotion of the “MUFG Way”.

We believe that the effects of these initiatives are maximized when employees with diverse backgrounds and values recognize each other's individuality and are both physically and mentally healthy. Based on our "DEI Statement" and "MUFG Health Management Declaration", we will continue to work towards creating a workplace environment where employees can fully utilize their abilities. With this, employees feel engaged and increase their enablement and progression, thereby we aim to form virtuous cycle of expansion of corporate value and human capital investment, achieving holistic employee wellbeing, i.e., mid-long term fulfillment of their lives.

Relevant specific initiatives can be found on pages 79-90 of our Integrated Report (MUFG Report 2023) and on the MUFG Human Resource Report. Additionally, the number of employees, the total training hours, the number of employees using support programs and leaves, the average annual salary etc. can be found on the ESG Data Book.

[Supplementary Principle 4.11.1]

View on the balance of knowledge, experience and skills, and diversity and size, of the board of directors as a whole

The Board of Directors of MUFG decides key management policies and is responsible for management oversight. In order for the Board of Directors to appropriately fulfill its role, it is necessary to have an appropriately balanced composition as a whole with diverse knowledge and expertise related to finance, financial accounting, risk management, compliance and so forth as well as diversity, in addition to deep knowledge of MUFG Group's business. Specifically, it is as follows.

- Independent outside directors shall have a wealth of knowledge and experience in the fields of corporate management, finance, financial accounting and law and the qualities required for oversight of the execution of duties by management from an independent and objective standpoint.
- Executive directors shall have extensive knowledge of MUFG Group’s business and the ability to appropriately perform management of MUFG Group.
- In addition, the Board of Directors as a whole has directors who have the experience in "global" fields in view of the MUFG's business development and "IT and digital" and "sustainability" to lead the resolution of social issues such as the digital shift and climate change.

[Supplementary Principle 4.11.2]

Information on directors and outside directors who have concurrent posts

See pages 69-70 of Notice of Convocation of the 18th Annual General Meeting of Shareholders

(https://www.mufg.jp/dam/ir/stock/meeting/pdf/convocation2306_en.pdf) for information on directors and outside directors who have concurrent posts.

[Supplementary Principle 4.11.3]

Evaluation of the Board of Directors

- Every year, MUFG analyzes and evaluates the effectiveness of the Board of Directors, and then reviews and implements measures against any issues discovered. By using a PDCA cycle to review the progress in improvement, MUFG is engaged in the continual enhancement of the abilities of the Board of Directors and the Committees.
- Following the advice of a third-party external consultant, MUFG conducts questionnaires and interviews of all directors on issues relating to the Board of Directors and the committees, including their structures, managements, and contributions made, as well as how they conduct proposals and discussions. And the result is reported and discussed at the Nominating and Governance Committee and meeting of the Board of Directors.
- The summary of the evaluation for the Board of Directors for fiscal year 2022 is as follows:
 - (1) The questionnaires and interviews were conducted in February and March 2023. The fiscal year 2022 evaluation confirmed that the effectiveness of the Board of Directors continues to be ensured as proceedings at the Board of Directors meetings were made more effective and efficient, thereby enhancing the quality of discussions, as a result of working to improve the Board of Directors’ operations and provide further support for the activities of the Directors, which were issues that had been identified in the previous fiscal year. In addition, we have also determined that discussions by the Board of Directors have translated into tangible results from a business perspective, exemplified by the sale of MUB and improvements in ROE, and have had a positive impact on governance.
 - (2) Specific initiatives include the effective utilization of pre-briefing sessions before the Board of Directors meetings for the benefit of outside directors and developing ways to improve proceedings at Board of Directors meetings, further enhancing the potential for discussions by the Board of Directors. Also, we continued to support the activities of Directors through initiatives that include inviting external experts to host study sessions and providing opportunities for Directors to reflect on their own activities through the continuous implementation of self-evaluations for Directors.
 - (3) The Company has identified these efforts as being firmly connected to improving effectiveness, and based on the determination that the existing framework will function as intended in the current fiscal year, will continue to work on operational and systematic improvements in the Board of Directors.
- Based on the above, the Board of Directors continuously aims to enhance the effectiveness of its corporate governance structure, responding to the extended expectations of stakeholders, with the aim of facilitating sustainable growth of the Company and increasing its corporate value over the medium- to long-term.

[Supplementary Principle 4.14.2]

Support for directors

- MUFG has established a board of directors’ secretariat in order to provide directors, including independent outside directors, with sufficient information.
- Agenda items and discussion materials shall, in principle, be provided prior to the meetings of the board of directors to ensure that directors have an opportunity to understand the issues in advance.

- Orientation training that covers MUFG's business and management environment is provided particularly to independent outside directors at the time of the assumption of office and on a continuous basis thereafter so that they are provided with necessary information, including information on matters other than the agenda items of the meetings of the board of directors.
- Advice from outside professionals is provided at MUFG's expense in cases where such advice is necessary for directors to perform their duties.

[Principle 5.1]

Policies for dialogue with shareholders

- Through dialogue with shareholders, MUFG seeks their understanding of MUFG's business strategy and so forth and strives to take appropriate actions based on an understanding of shareholders' perspectives.
- Dialogue with shareholders is achieved via appropriate exchange of information and organized cooperation between the divisions, such as Financial Planning Division, Corporate Administration Division, Corporate Planning Division, and Public Relations Office in Corporate Planning Division. As the director responsible for the Financial Planning Division, Group CFO exercises comprehensive oversight over Investor Relations Office, which generally handles investor relations activities, Office of the CFO, which generally handles matters on financial and capital management, and Financial Accounting Office, which generally handles settlement and accounting.
- MUFG carries out the following initiatives in order to encourage constructive dialogue with shareholders:
 - (1) Issuance of an Integrated Report to aid deeper understanding of MUFG's strategy and values
 - (2) Individual interviews to major institutional investors, both domestic and overseas, after the announcement of financial results
 - (3) Provision of additional explanation on specific agenda items to major institutional investors, both domestic and overseas, before general meetings of shareholders
 - (4) Periodic explanatory sessions for individual investors, attended by the Group CFO, etc.
 - (5) Biannual meetings to explain financial results to analysts and institutional investors, conducted by President & CEO and Group CFO
 - (6) Annual Investors Day to explain business strategy to analysts and institutional investors, conducted by respective Head of Business Group
 - (7) Annual small meeting with outside directors
 - (8) A business strategy seminar to explain a topic selected to analysts and institutional investors
- Comments and requests provided by major shareholders and investors in the course of dialogue are reported to the board of directors and to management.
- MUFG seeks to ensure that information is disclosed in a fair and timely manner. From the perspective of ensuring the fairness and soundness of the securities market, MUFG recognizes the importance of managing the security of undisclosed material information that would influence investment decisions and practices strict information security.

Outside Directors' Relationship with the Company (2)

Name	Assigned Committee			Independent Director	Supplementary Explanation of the Relationship	Reasons of Appointment
	Nominating	Compensation	Audit			
Mariko Fujii	*	*		*		After serving at the Ministry of Finance, Ms. Fujii has served in various important positions, including Professor of Research Center for Advanced Science and Technology of the University of Tokyo and Ambassador Extraordinary

						and Plenipotentiary of Japan and has built expertise and abundant experience in the areas of finance, economy and risk management through her career. The Company has appointed her as an outside director since she is expected to contribute to the effective enhancement of the board of directors' decision-making and oversight functions, with the aim of facilitating sustainable growth of the Company and increasing its corporate value over the medium- to long-term. She does not infringe the independence criteria put in place by the Tokyo Stock Exchange and satisfies the MUFU Independence Standards for Outside Directors. Based on the above, MUFU determined that she would be an outside director with no conflict of interest with ordinary shareholders, and thus appointed her as an independent director.
Keiko Honda			*	*		After serving at the McKinsey & Company, Inc. Japan, Ms. Honda has served in various important positions, including CEO of the World Bank Group's Multilateral Investment Guarantee Agency (MIGA) and has built expertise and abundant experience in the areas of finance and economy through her career. The Company has appointed her as an outside director since she is expected to contribute to the effective enhancement of the board of directors' decision-making and oversight functions, with the aim of facilitating sustainable growth of the Company and increasing its corporate value over the medium- to long-term. She does not infringe the independence criteria put in place by the Tokyo Stock Exchange and satisfies the MUFU Independence Standards for Outside Directors. Based on the above, MUFU determined that she would be an outside director with no conflict of interest with ordinary shareholders, and thus appointed her as an independent director.
Kaoru Kato	*	*	*	*		Having held various key positions at NTT DOCOMO Inc., including President and Chief Executive Officer and Corporate Advisor, Mr. Kato has affluent experience, knowledge and wisdom as a corporate manager. The Company has appointed him as an outside director since he is expected to contribute to the effective enhancement of the board of directors' decision-making and oversight functions, with the aim of facilitating sustainable growth of the Company and increasing its corporate value over the medium- to long-term. He does not infringe the independence criteria put in place by the Tokyo Stock Exchange and satisfies the MUFU Independence Standards for Outside Directors. Although he served as Senior Advisor of NTT DOCOMO Inc., he resigned from the post in June 2023, and has not been involved in its management. In addition, the Company had business accounting for less than 1% of NTT DOCOMO Inc.'s consolidated net sales and the Company's consolidated gross profit in fiscal year 2022. Based on the above, MUFU determined that he would be an outside director with no conflict of interest with ordinary shareholders, and thus appointed him as an independent director.
Satoko Kuwabara	*	*		*		Ms. Kuwabara has extensive experience as an attorney and professional insight on general legal affairs. The Company has appointed her as an outside director since she is expected to contribute to the effective enhancement of the board of directors' decision-making and oversight functions, with the aim of facilitating sustainable growth of the Company and increasing its corporate value over the medium- to long-term. She does not infringe the independence criteria put in place by the Tokyo Stock Exchange and satisfies the MUFU Independence Standards for Outside Directors. She currently serves as Partner of Gaizen Partners, with which the Company has no consulting agreements or other transaction. In addition, although she had been Partner of Mori Hamada & Matsumoto in the past, she resigned from the firm in April 2020, and has not been involved in its management. Also, the business between Mori Hamada & Matsumoto and the Company accounts for less than 1% of the Mori

						Hamada & Matsumoto's net sales in fiscal year 2022. In light of this, among other reasons, such relationship would not affect her independence from the Company. Based on the above, MUFU determined that she would be an outside director with no conflict of interest with ordinary shareholders, and thus appointed her as an independent director.
Hirofumi Nomoto	*	*		*		Having held various key positions at Tokyu Corporation, including President & Representative Director and currently assuming the role of Chairman & Representative Director, Mr. Nomoto has affluent experience, knowledge and wisdom as a corporate manager. The Company has appointed him as an outside director since he is expected to contribute to the effective enhancement of the board of directors' decision-making and oversight functions, with the aim of facilitating sustainable growth of the Company and increasing its corporate value over the medium- to long-term. He does not infringe the independence criteria put in place by the Tokyo Stock Exchange and satisfies the MUFU Independence Standards for Outside Directors. He currently serves as Chairman & Representative Director of Tokyu Corporation, with which the Company had business accounting for less than 1% of the Tokyu Corporation's consolidated net sales and the Company's consolidated gross profit in fiscal year 2022. Based on the above, MUFU determined that he would be an outside director with no conflict of interest with ordinary shareholders, and thus appointed him as an independent director.
David Sneider				*		Mr. Sneider has extensive experience as an attorney and professional insight on the fields of corporate legal affairs and successful mergers, acquisitions divestiture and takeover transactions. The Company has appointed him as an outside director since he is expected to contribute extensive global outlook to the effective enhancement of the board of directors' decision-making and oversight functions, with the aim of facilitating sustainable growth of the Company and increasing its corporate value over the medium- to long-term. He does not infringe the independence criteria put in place by the Tokyo Stock Exchange and satisfies the MUFU Independence Standards for Outside Directors. Although he served as a Partner Simpson Thacher & Bartlett LLP, he left the Firm in 2021, and has not been involved in its management after resignation. In light of this and other reasons, such relationship would not affect his independence from the Company. Based on the above, MUFU determined that he would be an outside director with no conflict of interest with ordinary shareholders, and thus appointed him as an independent director.
Koichi Tsuji			*	*		Mr. Tsuji has affluent experience as a certified public accountant and professional insight in accounting and auditing. The Company has appointed him as an outside director since he is expected to contribute to the effective enhancement of the board of directors' decision-making and oversight functions, with the aim of facilitating sustainable growth of the Company and increasing its corporate value over the medium- to long-term. He does not infringe the independence criteria put in place by the Tokyo Stock Exchange and satisfies the MUFU Independence Standards for Outside Directors. Although he had been Chairman & CEO of Ernst & Young ShinNihon LLC in the past, he resigned from the post in June 2019. Following his resignation from Ernst & Young ShinNihon LLC, he served as Chairman & CEO of EY Japan Godo Kaisha, but he resigned from the post in June 2021 and has not been involved in its management. In light of this, among other reasons, such relationship would not affect his independence from the Company. Based on the above, MUFU determined that he would be an outside director with no conflict of interest with ordinary shareholders, and thus appointed him as an independent director.

Tarisa Watanagase				*	Ms. Watanagase has extensive experience as the former Governor of the Bank of Thailand, the central bank of the country, and professional insight on finance and economics. The Company has appointed her as an outside director since she is expected to contribute extensive global outlook to the effective enhancement of the board of directors' decision-making and oversight functions, with the aim of facilitating sustainable growth of the Company and increasing its corporate value over the medium- to long-term. Although she has not been directly involved in the management of a corporation, except as outside director or outside corporate auditor, the Company believes that she is well qualified to act as an outside director because of the reason stated above. She does not infringe the independence criteria put in place by the Tokyo Stock Exchange and satisfies the MUFG Independence Standards for Outside Directors. Based on the above, MUFG determined that she would be an outside director with no conflict of interest with ordinary shareholders, and thus appointed her as an independent director.

[Auditing Structure]

Appointment of Directors and/or Staff to Support the Audit Committee	Appointed
---	-----------

Matters related to the Independence of Such Directors and/or Staff from Corporate Executives (Shikkoyaku)

The Audit Committee Office was established to assist the Audit Committee in performing its duties and is under the control of the Audit Committee.

Matters including the assigning of employees to provide assistance to the Audit Committee in performing its duties and the independence of those employees are considered in a manner that respects the intention of the Audit Committee.

Cooperation among Audit Committee, Accounting Auditors, and Internal Audit Departments

The internal audit divisions at the Company and directly owned subsidiaries of the Company shall, as required, build a collaborative relationship with the Audit Committee (Audit & Supervisory Committee or Corporate Auditor at directly owned subsidiaries of the Company) and Independent Auditors and work towards efficient implementation of internal audit.

The internal audit divisions at the Company and directly owned subsidiaries of the Company shall support the oversight function of the board of directors by collaborating and working together under the guidance of the internal audit division at the Company.

The Company has been holding sessions for exchanging views between the internal audit divisions and the Audit Committee, between the internal audit divisions and the Independent Auditor when required, sharing information related to audit measures and audit results.

Also, the relationship between Internal Audit, Audit Committee audits and accounting audits, and departments with internal control functions is such that the Internal Audit Division, Audit Committee and accounting auditors conduct audits from a standpoint that is independent of the departments with internal control functions. However, departments with internal control functions cooperate during these audits so that they can be conducted efficiently and appropriately.

Policy on Determining Compensation Amounts and Calculation Methods	Established
---	-------------

Disclosure Policy Determining Remuneration Amounts and Calculation Methods

1. Context of the Policy

The Company's Compensation Committee has prescribed this policy on decisions on the contents of compensation for individual directors, corporate executive officers and executive officers ("Officers, etc.") (the "Policy") in accordance with the provisions of the Companies Act with regard to a company with three committees, etc. The contents of the Policy are as below. In addition, major subsidiaries of the Company have each prescribed a similar policy based on the Policy of the Company.

2. Philosophy and Objective

The MUFG Group has redefined its purpose as "Committed to empowering a brighter future" and has set the goal at the end of this three-year period of leveraging its financial and digital capabilities to be the "leading business partner that pioneers the future," as well as upholding the medium- to long-term goal of "being the world's most trusted financial group." Furthermore, with the conviction that environmental and social sustainability are essential to achieving sustainable growth for MUFG, the Group will engage in the further enhancement of value creation employing an integrated approach in which the execution of management strategies goes in tandem with the pursuit of solutions of social issues.

In an effort to realize such a management policy, we have decided on this Policy on compensation for officers in order to strengthen our business resilience and competitiveness, prevent excessive risk-taking and raise motivation of Officers, etc., to contribute not only to the short-term but also to the medium- to long-term improvement of financial results, thereby enabling sustainable growth and the medium- to long-term enhancement of the enterprise value of the MUFG Group, as well as the further enhancement of sustainability management, while also promoting efforts for "challenges for reform." In addition, this Policy has been prescribed in accordance with economic and social conditions, the business performance and financial soundness of the Company and the MUFG Group and applicable Japanese and overseas regulations regarding compensation of officers and is designed to ensure high objectivity and transparency in the determination process of compensation for officers.

3. Compensation Level

We determine the level of compensation for officers that is competitive and appropriate for the Company and its subsidiaries taking into consideration the economic and social context, business trend, business environment and financial results of MUFG Group, and human resources markets in the country where the Officers, etc. are appointed and other important factors and also in reference to objective research data provided by external experts.

Compensation for officers by position (excluding outside directors and directors who are audit members) is determined in accordance with the following rules: The President & CEO receives the highest compensation and the amount of compensation decreases gradually from there based on position in the order of the chairman, deputy chairman, deputy president, senior managing corporate executive, managing corporate executive, and non-senior officers, separately by type of compensation. Various allowances, such as "director/corporate executive officer allowance" and "committee member (chairperson) allowance," are also added as applicable in accordance with the roles, duties, etc., of each officer.

4. Decision-Making Organizations and Authorities, etc.

The Company, as a company with three committees, etc., has established a Compensation Committee. The Compensation Committee comprises two or more independent outside directors (*1) and a director who is the president & group CEO (a majority of committee members are independent outside directors) and is chaired by an independent outside director appointed by the Board of Directors.

(*1) In this Policy, including directors who are not in a concurrent position as executive officer and are highly independent from the execution of the Company's business

The following matters are determined by the Committee in relation to compensation of Officers, etc. A resolution of the Committee is passed by a majority of the votes of the committee members present at the meeting, provided that a majority of the voting committee members are present:

- ① The Policy
- ② Contents of the establishment, revision and abolition of the compensation system for the Company's Officers, etc.
- ③ Contents of compensation for individual directors and corporate executive officers in accordance with the Policy (when they concurrently serve as an officer and an employee of a subsidiary of the Company, a determination must be made on the total amount including the compensation determined by the subsidiary; however, the bonus is the standard amount).

Furthermore, the Compensation Committee deliberates and makes proposals to the Board of Directors on the following matters:

- ① Contents of the establishment, revision and abolition of the system regarding compensation for Officers, etc., of the Company's subsidiaries (*2)
- ② Compensation of the chairman, deputy chairman, president & CEO of the Company's subsidiaries
- ③ Compensation for locally hired Officers, etc. of the Company and its subsidiaries and overseas subsidiaries (excluding directors and corporate executive officers of the Company)

(*2) MUFG Bank, Ltd., Mitsubishi UFJ Trust and Banking Corporation, Mitsubishi UFJ Securities Holdings Co., Ltd., and Mitsubishi UFJ Morgan Stanley Securities Co., Ltd. (the same shall apply hereinafter)

We deliberate and implement measures to remedy issues that have been identified based on the evaluation of the Compensation Committee in the analysis and evaluation of board effectiveness conducted each year by utilizing third-party, outside consultants.

5. Composition, System and Contents of Compensation, etc.

- (1) Composition and System

In principle, compensation for the Company's Officers, etc. is comprised of three types: "annual base salary (fixed)", "performance-based stock compensation" (based on share price and medium/long-term business performance) and "cash bonuses" (based on short-term business performance). Compensation is paid individually by type. The proportion of each compensation type is properly specified based on the philosophy and objective above as well as the contents of the duties of Officers, etc.

As for the proportion of each compensation type in the President & CEO's compensation, the three compensation types are balanced with each other at the following ratio: "annual base salary: performance-based stock compensation: cash bonuses = 1: 1: 1". (Case in which the standard amount is paid with respect to performance-based stock compensation and cash bonuses)

The composition of compensation for officers by position is determined in accordance with the following rules: The President & CEO's compensation has the highest percentage of performance-based portion (meaning performance-based stock compensation + cash bonuses in this context) (approximately 67%) and the percentage decreases gradually from there based on position in the order of the chairman and deputy chairman (approximately 60%), deputy president (approximately 50%), senior managing corporate executive, managing corporate executive, and non-senior officers.

As outside directors and directors who are audit members are responsible for performing the management supervision and monitoring functions, they are not eligible to receive performance-based stock compensation and cash bonuses in consideration of the contents of the duties of such officers.

(2) Contents of Each Type of Compensation, etc.

① Annual Base Salary

In principle, "annual base salary" is determined by the position, roles/duties and place of residence of individual Officers, etc. and other related factors. It is paid monthly in cash.

Various allowances, such as "director/corporate executive officer allowance" "committee member (chairperson) allowance," "housing allowance" and "overseas assignment allowance" are also added as applicable based on the amount of compensation by position of each Officer.

② Performance-based Stock Compensation

"Performance-based stock compensation" was implemented in fiscal year 2016 as a new medium- to long-term incentive plan common within the Group. We aim to further raise the motivation of Officers, etc., to contribute to the medium- to long-term improvement of the financial results of the MUFG Group and share a common interest with our shareholders, etc.

In the performance-based stock compensation plan, the Company's shares are issued to Officers, etc. using the trust structure shown below:

(a) Performance-Based Portion

The Company's shares (*3) corresponding to the "base amount determined depending on the position × performance factor (within the range of 0 to 150%) based on the degree of attainment of performance targets of the medium-term business plan" are issued, in principle, upon the termination of the medium-term business plan every three years.

(*3) Calculated based on the average acquisition cost of the Company's shares through the trusts.

Indicators and method of evaluating the degree of attainment of performance targets are as follows, based on the medium-term business plan, etc.

(i) Portion of evaluation based on the comparison with competitors (evaluation weight: 50%)

Comparison of the rate of increase in the following indicators from the previous fiscal year with that of competitors

- Consolidated net business profits (evaluation weight: 25%)

- Profits attributable to owners of parent (evaluation weight: 25%)

The growth rates of "consolidated net business profits" and "profits attributable to owners of parent," which are indicators of profitability of main business and final results of operation, respectively, are compared with those of our major competitors (Mizuho Financial Group, Inc. and Sumitomo Mitsui Financial Group, Inc.). In this manner, management's contribution in a single fiscal year excluding factors attributable to external environment such as market conditions is evaluated as a milestone for the year. The upper limit of the performance factor is 150%. If it is below our competitors by more than a certain margin, share issuance points will not be granted.

(ii) Portion of based on the degree of achievement of the Mid-term Business Plan (evaluation weight: 50%)

Rate of attainment of targets of the following indicators in the medium-term business plan

- Consolidated ROE (based on MUFG's standard) (evaluation weight: 30%)

- Consolidated expense reduction amount (excluding performance-linked expenses) (evaluation weight: 15%)

- ESG assessment organization's evaluation (evaluation weight: 5%)

The degree of attainment of both indicators i.e., consolidated ROE and Consolidated expense reduction amount, is compared on an absolute basis with the levels set forth in the medium-term business plan to drive improvements in profitability, capital efficiency, and revenue structure, which are among the most important management challenges of the MUFG Group.

Additionally, to support the further enhancement of sustainability management and to assess the extensive initiatives toward ESG of MUFG from an objective standpoint, absolute evaluation is carried out on the degree of improvement of third-party assessments by the five major ESG assessment agencies (*4).

(*4) The five agencies: CDP, FTSE, MSCI, S&P DJ, and Sustainalytics

The upper limit of the performance factor is 150%. If it is below targets by more than a certain margin, share issuance points will not be granted.

(b) Non-Performance-Based Portion

The Company's shares corresponding to the "base amount determined depending on position" are issued, in principle, at the time of the retirement of Officers, etc.

(c) Malus and Clawback Policy

In regards to performance-based stock compensation, share issuance points that have already been granted may be forfeited or repayment of the amount equivalent to shares that have already been issued, etc. may be demanded, in the event that a serious violation has been committed regarding the delegation agreement, etc. between the Bank and Officers, etc. in relation to the duties of Officers, etc., a person resigns during his or her term of office due to personal circumstances against the wishes of MUFG, and situations such as when modifications to the financial statements after-the-fact due to significant accounting error or fraud are resolved by the Board of Directors. "MUFG Executive Compensation Recovery Policy" based on U.S. regulations is set forth in the attachment.

(d) Shareholding Policy

In principle, the Company's shares acquired by an officer while holding office, regardless of the number of shares acquired, must be retained in whole by him/her until he/she leaves office.

③ Cash bonuses

"Cash bonuses" are provided with the aim to raise the motivation of Officers, etc., to contribute to the improvement of financial results for each fiscal year. As short-term performance-based compensation, the amount is determined based on the financial results of the MUFG Group and the status of the execution of the duties of the Officers, etc., for the previous fiscal period, using the "Overall Evaluation Sheet," etc. (within the range of 0 to 150% from the base amount by position). In principle, cash bonuses are paid annually in cash immediately after the performance evaluation has been completed.

The weight given to each item of evaluation of the President & CEO, chairman, and deputy chairman ("President & CEO, etc.") is 60% for quantitative evaluation and 40% for qualitative evaluation. The indicators of quantitative evaluation and the evaluation method are as below

- Consolidated net operating profits (evaluation weight: 20%)
- Profits attributable to owners of parent (evaluation weight: 10%)
- Consolidated ROE (evaluation weight: 20%)
- Consolidated expense (evaluation weight: 10%)

In order to drive improvements in profitability, capital efficiency, and revenue structure, which are among the most important management challenges of the MUFG Group, the Company evaluates the above four indicators for one-year business performance, by using the "increase/decrease ratio from the previous year" and "achievement ratio against the target" (the ratio of the year-on-year comparison and the comparison with the target being 1:1).

An overall qualitative evaluation of the President & CEO, etc. is given on an eight-point scale after the separate evaluation of KPIs (Key Performance Indicators) regarding five or so evaluation areas, which may include, for example, "profitability improvements in customer departments," "promotion of structural reform/enhancement of business foundation", "responses to various risks" and "strengthening efforts to ESG/the enhancement of sustainability management". The bonus evaluations of executive officers will also incorporate ESG elements, depending on the business strategies and other factors of the operations for which they are responsible.

An overall evaluation of all corporate executive officers including the President & CEO, etc. and the President & CEO, etc. of major subsidiaries, which combines quantitative evaluation and qualitative evaluation, is given on a nine-point scale (for securities subsidiaries, a score evaluation is given).

All evaluation prescribed above is determined and deliberated exclusively by independent outside directors at the Compensation Committee.

In regards to cash bonuses, the unpaid portion (in the case of deferred payment) may be forfeited or repayment of the amount that has already been paid may be demanded, in the event that a serious violation has been committed regarding the delegation agreement, etc. between the Bank and Officers, etc. in relation to the duties of Officers, etc., a person resigns during his or her term of office due to personal circumstances against the wishes of MUFG, and situations such as when modifications to the financial statements after-the-fact due to significant accounting error or fraud are resolved by the Board of Directors.

"MUFG Executive Compensation Recovery Policy" based on U.S. regulations is set forth in the attachment.

(3) Other

Notwithstanding the foregoing, compensation for Officers, etc., who are hired locally outside Japan is individually designed in order to prevent excessive risk taking, taking into account compensation regulations, compensation practice, the local market rate and other related factors in the relevant overseas region, as well as the job contents and characteristics of the duties of such Officers, etc.

[Attachment] Mitsubishi UFJ Financial Group Inc. Executive Compensation Recovery Policy]

This Mitsubishi UFJ Financial Group Inc. Executive Compensation Recovery Policy ("Policy") was adopted by the Compensation Committee ("Committee") of the Board of Directors of Mitsubishi UFJ Financial Group Inc. ("the Company") on September 25, 2023.

1. Objective.

This Policy is intended to provide for the recovery of certain executive compensation in the event of an accounting restatement resulting from material noncompliance with financial reporting requirements under United States securities laws, regulations and rules and to comply with the requirements of Section 10D of the United States Securities Exchange Act ("Exchange Act"), Rule 10D-1 under the Exchange Act and Section 303A.14 of the New York Stock Exchange ("NYSE") Listed Company Manual, each as amended ("Applicable Requirements").

2. Amendment / Termination.

This Policy may be amended or terminated by the independent directors serving on the Board of Directors or the independent directors serving on the Committee at any time. This Policy shall no longer be effective on and after the date on which the Company no longer has a class of securities publicly listed on a United States national securities exchange or the date on which the Applicable Requirements otherwise become no longer applicable to the Company.

3. Definitions.

For the purposes of this Policy, the following terms shall have the meanings set forth below.

(a) Covered Executive

"Covered Executive" means any current or former Executive Officer who served as an Executive Officer at any time during the performance period for incentive-based compensation, as determined by the Committee in accordance with the Applicable Requirements.

(b) Executive Officer

"Executive Officer" means, with respect to the Company, (i) its president, (ii) its principal financial officer and/or principal accounting officer, (iii) any officer in charge of a principal business unit, division or function, (iv) any other officer who performs a policy-making function for the Company (including any officer of the Company's subsidiaries if they perform policy-making functions for the Company), or (v) any other person who performs similar policy-making functions for the Company. Policy-making function does not include policy-making functions that are not significant. Executive Officers include at a minimum the members of the Board of Directors and corporate executives (shikko yaku) of the Company under the Companies Act of Japan.

(c) Financial reporting measures

"Financial reporting measures" means measures that are determined and presented in accordance with the accounting principles used in preparing the Company's financial statements, and any measures that are derived wholly or in part from such measures. Stock price and total shareholder return are also financial reporting measures. A financial reporting measure need not be presented within the Company's financial statements or included in a filing with the United States Securities and Exchange.

(d) Incentive-based compensation

"Incentive-based compensation" means any compensation that is granted, earned, or vested based wholly or in part upon the attainment of a financial reporting measure, including without limitation cash bonuses and performance-linked stock compensation.

This Policy shall apply to all incentive-based compensation received by a Covered Executive on or after the Effective Date.

(e) Received

Incentive-based compensation is deemed “received” in the Company’s fiscal period during which the financial reporting measure specified in the incentive-based compensation award is attained, even if the payment or grant of the incentive-based compensation occurs after the end of that period.

(f) Accounting restatement

“Accounting restatement” means any required accounting restatement of the Company’s financial statements due to the Company’s material noncompliance with any financial reporting requirement under United States securities laws, regulations and rules, including any such restatement to correct:

- (i) an error in previously issued financial statements that is material to the previously issued financial statements; or
- (ii) an error that would result in a material misstatement if the error were corrected in the current period or left uncorrected in the current period.

(g) Effective Date

“Effective Date” means the date on which Section 303A.14 of the NYSE Listed Company Manual becomes effective, which is October 2, 2023.

4. Recovery of erroneously awarded compensation.

The Company shall recover reasonably promptly from each Covered Executive the amount of erroneously awarded incentive-based compensation set forth in Section [6] in the event that the Company is required to prepare an accounting restatement unless either of the following clause (i) or (ii) is satisfied and the independent directors serving on the Committee have determined that recovery of the erroneously awarded compensation would be impracticable:

- (i) The direct expense paid to a third party to assist in enforcing the Policy would exceed the amount to be recovered. Before concluding that it would be impracticable to recover any amount of erroneously awarded compensation based on expense of enforcement, the Company must make a reasonable attempt to recover such erroneously awarded compensation, document such reasonable attempt(s) to recover, and provide that documentation to NYSE; or
- (ii) Recovery would violate home country law where that law was adopted prior to November 28, 2022. Before concluding that it would be impracticable to recover any amount of erroneously awarded compensation based on violation of home country law, the Company must obtain an opinion of home country counsel, acceptable to NYSE, that recovery would result in such a violation, and must provide such opinion to NYSE.

The Committee shall ensure that all agreements with the Executive Officers relating to their compensation will reflect the terms of this Policy.

5. Period subject to recovery of erroneously awarded compensation.

The period subject to recovery of erroneously awarded incentive-based compensation under this Policy shall be the three completed fiscal years immediately preceding the date that the Company is required to prepare an accounting restatement; provided, however, that if a transition period between the last day of the Company’s previous fiscal year end and the first day of the Company’s new fiscal year comprises a period of nine to 12 months, such period would be deemed a completed fiscal year.

The date that the Company is required to prepare an accounting restatement is the earlier to occur of:

- (i) The date the Company’s Board of Directors, or the officer or officers of the Company authorized to take such action, concludes, or reasonably should have concluded, that the Company is required to prepare an accounting restatement; or
- (ii) The date a court, regulator, or other legally authorized body directs the Company to prepare an accounting restatement.

6. Amount subject to recovery of erroneously awarded compensation.

The amount subject to recovery of erroneously awarded incentive-based compensation under this Policy shall be the amount of incentive-based compensation received by a Covered Officer that exceeds the amount of incentive-based compensation that otherwise would have been received during the period set forth in Section [5] had it been determined based on the relevant restated amounts, and must be computed without regard to any taxes paid; provided, however, that the amount shall be limited to compensation received by a Covered Executive after commencement of service as a Covered Executive.

For incentive-based compensation based on stock price or total shareholder return, where the amount of erroneously awarded compensation is not subject to mathematical recalculation directly from the information in an accounting restatement:

- (i) The amount shall be based on a reasonable estimate of the effect of the accounting restatement on the stock price or total shareholder return upon which the incentive-based compensation was received; and
- (ii) The Company shall maintain documentation of the determination of that reasonable estimate and provide such documentation to NYSE.

7. Prohibition on indemnification.

The Company shall not indemnify any Covered Executive against the loss of erroneously awarded compensation pursuant to this Policy, including without limitation through the payment of insurance premiums.

8. Administration and interpretation.

This Policy shall be administered by the Board of Directors of the Company or, if and as designated by the Board of Directors, the Committee. The independent directors serving on the Board of Directors and, if and as designated by the Board of Directors, the independent directors serving on the Committee shall have full and exclusive authority and discretion to interpret, amend, terminate and enforce this Policy, including without limitation the authority and discretion to determine, in each case, the amount, manner and timing in which any erroneously awarded compensation shall be recovered from a Covered Executive in accordance with the Applicable Requirements.

9. Disclosure.

The Company shall provide all disclosures relating to this Policy, including in the applicable United States Securities and Exchange Commission filings, as required under United States securities laws, regulations and rules.

[Supporting system for Outside Directors]

- Management is obligated to provide sufficient information to Directors that relates to Directors’ execution of duties. Management shall in principle distribute the board of directors meeting agenda and materials for deliberation prior to meetings to ensure that directors have the opportunity to understand the content in advance. Management shall conduct training and the like on an ongoing basis, including training about the business activities and management environment of MUFG, particularly for independent outside directors, including at their time of appointment, in order to provide necessary information in addition to the board of directors’ meeting agenda.
- The Corporate Administration Division will also provide the required support to outside directors including delivery of materials prior to the board of directors meetings, etc., advance explanations, and provision of various information.

Other items

- Following deliberations by MUFG's Nominating and Governance Committee (which has a majority of outside directors), MUFG Bank, Mitsubishi UFJ Trust and Banking, and Mitsubishi UFJ Securities Holdings ('the three companies') had revised their systems related to senior advisors, and a new Senior Advisors System was implemented in July, 2018. (Note: MUFG has no such system)
- Former Chairmen, Deputy Chairmen, and Presidents of the three companies may engage in external activities in addition to their activities in contributing to the financial world and society as a senior advisor.
- The maximum length of term of office as a senior advisor is in principle a maximum of six years, and contracts will be renewed every year as necessary in accordance with the status of activities, and reported to the Nominating and Governance Committee. However, certain transitional measures will be taken for senior advisors, etc. appointed before the implementation of the new system.
- An advisory contract as an honorary advisor (no compensation) may be entered into if, upon retirement as a senior advisor, it is necessary to continue such external activities. For term of office, contract renewal is annual, as necessary, based on activity status reported to the Nominating and Governance Committee. In addition, even in cases where advisory contracts are not signed by the three companies due to a small number of activities being maintained, the title of Honorary Advisor may be used.
- Senior advisors and honorary advisors will not be involved in management decision making, and regular reporting to senior advisors and honorary advisors by the management team will not be carried out.
- When senior advisors carry out important external activities for the Group, an annual maximum of 20 million yen may be payed as compensation for carrying out the duties. No compensation will be paid for honorary advisors. In addition, secretaries, company cars, and offices (outside head office) may be used as necessary.

2. Matters on Functions of Business Execution, Auditing, Oversight, Nominating and Compensation Decisions

(Overview of Current Corporate Governance System)

1. Below is an overview of the main management structures.

(1) Board of Directors and Directors

- The Board of Directors decides key management policies and is responsible for management oversight. Decisions on matters of business execution other than specific matters stipulated by laws and regulations shall in principle be delegated to Corporate Executives; provided, however, those decisions on particularly important matters of business execution shall be made by the board of directors.
- The Board of Directors as a whole has an appropriately balanced composition that provides a deep understanding of MUFG Group's business and a wealth of knowledge and expertise on finance, financial accounting, risk management and compliance and so forth, and consists of 15 members (11 men and 4 women). In particular, outside directors accounting for the majority of the Board of Director membership attach importance to diversity, including foreign national and gender (2 foreign nationals and 4 women out of 8 outside directors).
- The members of the Board of Directors and the frequency and the attendance of the Board of Directors meetings are as follows:

[Board of Directors and Directors / 10 meetings in FY2022]

Mariko Fujii (Member of the Board of Directors/ outside director): 10/10 (100%)

Junichi Hanzawa (Member of the Board of Directors) : 10/10 (100%)
Makoto Kobayashi (Member of the Board of Directors) : 9/9 (100%)

(There were 9 meetings held after the appointment of Mr. Kobayashi.)

(2) Committees

- In addition to the establishment of a Nominating and Governance Committee (a Nominating Committee under the Companies Act), a Compensation Committee and an Audit Committee as provided under the Companies Act, a Risk Committee shall also be established as an optional board committee. Moreover, in order to comply with the final rules for Enhanced Prudential Standards for Foreign Banking Organizations, U.S. Risk Committee shall be established as follows:
 - (a) Nominating and Governance Committee
Decides the content of proposals that are submitted to general meetings of shareholders regarding the election and removal of directors and discusses and makes recommendations to the board of directors on personnel matters regarding key management positions of MUFG and its subsidiaries and MUFG's policy and framework for corporate governance.
 - (b) Compensation Committee
Establishes a policy for regarding decisions on compensation for corporate Executives and directors, decides the details of individual compensation and discusses and makes recommendations to the board of directors on the establishment, revision and abolition of systems pertaining to compensation for officers, etc. of MUFG and its key subsidiaries.
 - (c) Audit Committee
Audits the execution of duties by corporate executives and directors, prepares auditing reports, decides the content of proposals pertaining to the election, removal and non-reappointment of accounting auditor to be submitted to general meetings of Shareholders, and performs investigations including fieldwork, into the business and finance of MUFG and its subsidiaries.
 - (d) Risk Committee
Discusses and makes recommendations to the board of directors on various matters regarding risk management in general pertaining to the entire Group as well as material matters regarding risk management in general, issues relating to the top risk matters and any other material matters that require discussion by the Risk Committee.
 - (e) U.S. Risk Committee
Decides risk management policies of all MUFG's U.S. operations and liquidity risk management important matters, discusses the status, control and management of all types of risk on a group basis in the U.S. and makes recommendations to MUFG Risk Committee.

(There were 4 meetings held after the appointment of Mr. Hatano.)

(As of April 1, 2024)

(3) Corporate Executives

- There are 17 corporate executives who are appointed via a resolution of the board of directors and they make decisions regarding execution of business and other matters delegated to them by the board of directors.

(4) Executive Committee

- The Executive Committee is established as a body to make decisions regarding the execution of business, and deliberates and makes decisions based on the basic policies decided by the board of directors on important general matters related to management.
- Also, various committees are established as advisory bodies to the Executive Committee, and these committees, etc., deliberate and report to the Executive Committee on various matters under their jurisdiction, thereby contributing to the deliberations of the Executive Committee.

(5) Global Advisory Board

- MUFU has established the Global Advisory Board as an advisory body to the Executive Committee.

The Global Advisory Board is made up of members from Americas, Europe, Asia, and Japan, who are external experts in areas such as corporate management, financial regulation, and government policy. They provide advice and recommendations from an independent standpoint on MUFU's group-wide management, global governance, business strategy, and other management issues.

The Global Advisory Board consists of ten members (four women out of ten members).

(As of April 1, 2024)

(6) Executive Officers

- Executive officer system has been introduced whereby 36 managing executive officers and 43 executive officers are engaged in their duties as deputy heads of business groups, as well as major line heads, etc.

[Group Governance framework]

- In order to enhance group governance and implement sound business management as a holding company, group-wide frameworks for risk management, compliance and internal audit have been established. Moreover, MUFG has concluded management control agreements with its key subsidiaries, MUFG Bank, Ltd., Mitsubishi UFJ Trust and Banking Corporation, and Mitsubishi UFJ Securities Holdings Co., Ltd, and developed the system to deliberate and receive reports from each subsidiary in accordance with the segregation of duties.
- The key subsidiaries transitioned to a company with the Audit & Supervisory Committee aiming to further strengthen the corporate governance structure through building effective supervisory functions by the board of directors, and to streamline decision-making on important business matters through broad delegation from the board of directors to corporate management. In addition the Audit & Supervisory Committee of each key subsidiary has a majority of outside directors as members and performs audit and supervisory functions to improve transparency and objectivity of management.
- The key subsidiaries have a structure where the Internal Audit Division reports to the Audit & Supervisory Committee and the board of directors on important matters, including the results of internal audits and basic policies on internal audit plan, and the Audit & Supervisory Committee and the board of directors deliberate on such matters.

[Internal Audit]

• MUFG's Internal Audit mission is to provide an objective assurance, advice and opinion on a risk-focused basis, thereby contributing to enhancement of group value and to the achievement of "MUFG Way". Internal Audit must evaluate and improve the effectiveness of governance, risk management and control processes through a systematic and disciplined approach.

• Basic policies for the mission, purpose, roles, and position etc. of Internal Audit are defined in the policies relating to Internal Audit and the policies set the Internal Audit Division to control the Internal Audit within MUFG Group. The Internal Audit Division consists of 251 staffs (those of 229 are the company main double-hat staffs with subsidiary banks etc.) as of the end of March, 2023.

In addition to having primary responsibility for initiating and preparing plans and proposals related to internal audits of the Group, the Internal Audit Division at the Company monitors and, as necessary, guides, advises, and administers the internal audit divisions of subsidiaries and affiliated companies, and also performs internal audits to each division within the Company.

• Within the holding company and each of the major subsidiaries, the internal audit division reports to the committee, Board of Directors on important matters including the results of the internal audits and basic policies for planning internal audits.

• To ensure that internal audit processes use available resources with optimal effectiveness and efficiency, the internal audit divisions implement risk-focused internal audits in which the nature and magnitude of the associated risks are considered in determining audit priorities and the frequency and depth of internal audit activities.

• The internal audit divisions at the Company and directly owned subsidiaries of the Company shall, as required, build a collaborative relationship with the Audit Committee (Audit & Supervisory Committee or Corporate Auditor at directly owned subsidiaries of the Company) and Independent Auditors and work towards efficient implementation of internal audit.

• The internal audit divisions at the Company and directly owned subsidiaries of the Company shall support the oversight function of the board of directors by collaborating and working together under the guidance of the internal audit division at the Company.

• The Company has been holding sessions for exchanging views between the internal audit divisions and the Audit Committee, between the internal audit divisions and the Independent Auditor when required, sharing information related to audit measures and audit results.

Internal Audit of the Company and directly-owned companies of the Company work to establish collaborative relationships

• Also, the relationship between Internal Audit, Audit Committee audits and accounting audits, and departments with internal control functions is such that the Internal Audit Division, Audit Committee and accounting auditors conduct audits from a standpoint that is independent of the departments with internal control functions. However, departments with internal control functions cooperate during these audits so that they can be conducted efficiently and appropriately.

<Accounting Audit>

We have signed an Accounting Audit contract with Deloitte Touche Tohmatsu LLC since its inception in 2005. In the fiscal year ended March 31, 2024 (the 19th fiscal year), we have four certified public accountants: Hiroharu Nakamura, Akihiko Uchida, Kentaro Mizushima and Takayuki Otsuka who perform Accounting Audit operations. There are 54 public certified accountants, 47 accountants who passed CPA exam, and 53 others involved in Accounting Audit.

(NOTE) The Mitsubishi Bank, Ltd. signed an Accounting Audit contract with Deloitte Touche Tohmatsu LLC in 1976 (at that time Tohmatsu-Aoki Audit Corporation.). Since then, we, the Bank of Tokyo-Mitsubishi, Ltd. which was formed by the merger between Mitsubishi

Outline of Framework for Timely Disclosure

The internal framework to ensure timely disclosure of MUFG company information is outlined below.

1. Basic Concept

MUFG has created “MUFG Way” which shows all of the basic values the company has in conducting its business and which forms the high level policy for all its activities.

Also, MUFG Group Code of Conduct provide an abstract of common ethics within the Group and have been created as a basic policy for the Group’s Officers and employees.

As for timely disclosure of company information, the following is shared with Group Officers and employees in the Code of Conduct.

[MUFG Group Code of Conduct] 2-1 Adherence to Laws and Rules

Accurate Recording and Appropriate Disclosure

- We must ensure our business activities (including communication records), as well as financial information, are accurately recorded and properly maintained and managed.
- To ensure that MUFG is properly understood and evaluated in the wider society, it is incumbent on us to ensure that company information is disclosed in a timely and appropriate manner, including financial reports. Concealment or nondisclosure of information damages our trust and reputation. We will not be involved in any inaccurate or inappropriate disclosure of information, or in any attempt to conceal information.

Moreover, MUFG define policies on information disclosure, the MUFG Group Disclosure Policy.

2. Internal Framework

(1) Disclosure Committee

Disclosure Committee is established under Executive Committee and deliberates on the appropriateness of information disclosure and the effectiveness of internal controls and procedures. Members of Disclosure Committee include Group CFO, who acts as chairperson, Group CSO, Group CRO, Group CAO and related General Managers and is in principle held four times per year.

A framework is in place whereby the details, revision and operating status of company rules regarding timely disclosure, and the details, timing and methods of disclosure of information relating timely disclosure are reported to Disclosure Committee, in principle, once every six months. Results of deliberations are reported to Executive Committee.

(2) Company Rules regarding Timely Disclosure

MUFG has stipulated Timely Disclosure Rules to comply with related laws and regulations as well as stock exchange rules and ensure the timely disclosure of company information which may have a critical impact on investment decisions made by investors. The Standards and processes, etc., for timely disclosure are defined by Timely Disclosure Rules.

(3) Division in Charge

Corporate Administration Division is responsible for implementing timely disclosure. In addition to timely disclosure, Corporate Administration Division is also responsible for managing material information, and submitting financial statements, quarterly statements and extraordinary reports, etc., based on the Financial Instruments and Exchange Act. Corporate Administration Division implements timely disclosure using methods defined in the rules and regulations of stock exchanges. Also, Corporate Administration Division update company rules regarding timely disclosure and review insignificance criteria which are stipulated in the rules and regulations of stock exchanges and send notification internally and to group companies.

In determining if timely disclosure is required and what information is to be disclosed, the division which owns the information, Corporate Administration Division, Public Relations Office in Corporate Planning Division, and Financial Planning Division conduct deliberations and make a decision. Public Relations Office in Corporate Planning Division is responsible for responding to the media and Financial Planning Division is responsible for overall IR activities.

Information of MUFG subsidiaries is reported from the departments in charge of directly owned subsidiaries to Corporate Administration Division.
