**6 Smart Pickup Lockers added on the 3rd Floor of Haneda Airport Terminal 3 to allow customers to pick up “GLOBAL WiFi®,” an Overseas Wi-Fi Router Rental Service, without waiting in line at the counter**

Vision Inc. (Head Office: Shinjuku-ku, Tokyo; President, Representative Director and COO: Kenji Ota, hereinafter “Vision”), a provider of “GLOBAL WiFi®” ( <https://townwifi.com/> ), which is a reasonable and high-quality overseas Wi-Fi router rental service, has added 6 “Smart Pickup” lockers, which allow customers to pick up devices without waiting in line at the counter, to its stores on the departure floor (3rd floor) in addition to the existing stores on the arrival floor (2nd floor) of Haneda Airport Terminal 3, effective April 11, to meet diverse needs.

“Smart Pickup” is a service that allows customers to pick up a set of rental items by holding up the QR code issued when they make a reservation.

With the addition of the new “Smart Pickup” lockers, 9 units are now in operation, enabling pickup regardless of the business hours of the counter. This is expected to provide a smooth pickup service for customers who could not choose locker pickup due to the number of available slots, as well as to alleviate counter congestion, thereby further improving service convenience.

### ■ “Smart Pickup” Haneda Airport Terminal 3, 3rd Floor
