

## News Release

## Three New Contracts of Restoration and Recovery Projects in Ukraine

### - Nippon Koei and ID&E group contribute to the recovery of Ukraine in the fields of the Private Sector, Agricultural Production, and Humanitarian Mine Action and UXO Clearance -

Nippon Koei Co., Ltd., a group company of ID&E Holdings concluded three new contracts of restoration and recovery projects in Ukraine with Japan International Cooperation Agency (JICA).

Nippon Koei has been providing strong engineering solutions for developing countries to solve growth issues and support business development since its foundation. As part of the Ukraine recovery activities, Nippon Koei established the Ukraine Recovery Office in April 2023, and opened the Warsaw Office in July 2023 and Kyiv Office in December 2023. Nippon Koei is currently engaged in several Ukraine restoration and reconstruction projects under contracts with JICA, the Ministry of Economy, Trade and Industry (METI), and the Ministry of Foreign Affairs (MOFA). Nippon Koei will work on the following projects, taking advantage of its experiences and organizations.

#### ▼Study on Promoting Private Sector Collaboration for the National Recovery and Reconstruction of Ukraine

After conducting market research, legal survey, and needs survey for reconstruction in Ukraine, Nippon Koei provides the consulting services, based on technical expertise and experience in recovery assistance, for Japanese companies intending to enter the Ukrainian market from the perspective of business needs for restoration and reconstruction.

- Contract Period (tentative) : From February 2024 to January 2026

#### ▼The Project for Strengthening Capacity on Humanitarian Mine Action and UXO Clearance in Ukraine

Nippon Koei provides technical cooperation, such as urgent supply of necessary equipment and technical guidance and trainings, for the State Emergency Service of Ukraine (SESU). As part of the ID&E Group, Nippon Koei Co., Ltd. together with Nippon Koei Urban Space Co., Ltd. and Koei Research & Consulting Inc. (KRC) contribute in ensuring an effective and safe demining and unexploded ordnance (UXO) clearance in cooperation with the Cambodian organizations and Japanese companies that have abundant knowledge in this field.

- Contract Period (tentative) : From March 2024 to July 2027

#### ▼Data Collection Survey on Recover of Agricultural Production Base

Nippon Koei and KRC conducts studies for rehabilitation of the contaminated soil, advanced institutional cultivation, and rehabilitation and modernization plans for irrigation systems. The possibility of future cooperation by the Japanese government will also be discussed.

- Contract Period (tentative) : From March 2024 to February 2027

Nippon Koei continues to contribute to the restoration and reconstruction of Ukraine with its wide range of consulting services.
